BI-MONTHLY STATUS REPORT PURSUANT TO REQUEST FOR WAIVER
OF REQUIREMENT FOR CMRS PROVIDERS TO SUPPORT ROAMING FOR
CUSTOMERS WITH POOLED NUMBERS
UPDATE OF SECOND BI-MONTHLY STATUS REPORT**

April 25,2003

On March 24, 2003, Pine Belt PCS, Inc. and Pine Belt Cellular, Inc. (collectively "Pine Belt Wireless") filed a second bi-monthly status report pursuant to its request for temporary waiver of the requirement for Commercial Mobile Radio Service ("CMRS") providers to support roaming with customers with pooled numbers.¹ In this report, Pine Belt Wireless provided information demonstrating that during the proposed extension period, the impact on the receipt by PSAPs of incorrect call-back numbers will be minimal.

Pine Belt Wireless updates its March filing by reporting that the company has received notice of approval from the U.S. Department of Agriculture for a Rural Utilities Service ("RUS") loan. The funds ~~from~~ this loan will be used to ~~make~~ the requisite upgrades to comply with the number pooling requirements and other Commission mandates as well as improve and expand the company's wireless service offerings. The approval ~~was~~ contingent on several factors, including Pine Belt Wireless' accomplishment of internal reorganization. The company is in the process of accomplishing these requirements. Not having met all contingencies, the company has not received official ~~notice~~ regarding the timing of availability of funds.

Respectfully Submitted,

John Nettles, President
Pine Belt Cellular, Inc
Pine Belt PCS, Inc.

¹ The request for waiver ~~was~~ filed on November 22, 2002.
